CEMENT for welding Fire Bricks together.
CONCRETE in place of Fire Bricks, one solid furnace arch, etc.
FIRE BRICKS made of special High Heat Resisting materials. Very durable. All these materials will stand 4500 Degrees of Heat.

Most durable furnace materials made. Hundreds of extremely satisfied customers.

GRATES with 76 % air space. Saves fuel. Lessens loss of gases. Less smoke. Generates more steam on account increased natural draft. Increases horse power. Less burning of grates on account more cooling air space. Best Gray Iron Castings.
INDESTRUCTO FIRE TOOLS—Made of a High Heat Resisting Alloy. That is the reason they are superior and more economical.
HOSE—Metallic flexible. Very durable.
BABBITT METAL—Codd's Special. Secret formula. Superior to anything made for the money.
PAINT that will preserve iron and steel and preventing rust. Ruskilla Black and Glossy. Resist acid fumes, etc.
GREASE CUPS—Air compression. Beats any lubricator made. Cuts oil and grease bills in half.
PHILADELPHIA GREASE—A trial will convince.
BELT DRESSING—This does the work. It is known as the "Hug Tight" and it deserves its name.
SHAFTING, Pulleys, Hangers, Set Collars, Boxes, etc., etc.
"BUCK" PATENT PIPE UNIONS—Bronze Metal Seat on wedge (250 lbs. pressure). Investigate!
ELEVATOR GUIDE AUTOMATIC GREASE CUP—Air compression.
TANKS for oil, gasoline, etc. All sizes and shapes.
PUMPS for gasoline, etc.
GASKETS—Self-Sealing; the higher the pressure, the tighter the gasket.
AUTOMOBILE TANKS, Gasoline Pumps, Grease Cups and Grease.
SHEET RUBBER PACKING—Seven per cent more rubber than the largely advertised packings. Try it.
HOIST HOLDERS to attach to beams without making a hole. It does the trick.
STEAM PUMPS of the simplest arrangement and most effective.
BELTING AND LACING that will surprise you.
PISTON ROD METALLIC PACKING that will hold steam and ammonia.
CONVEYOR CHAIN BELTING and our specially **DURABLE ELEVATOR BUCKETS.**
MILL, RAILROAD and **STEAMBOAT SUPPLIES.**

INTRODUCTORY

The 1913 edition of R. L. Polk & Co.'s Baltimore City Directory, herewith presented, more completely represents the growth and resources of this community than any other medium that reaches the average citizen. It also keeps this record of material facts continuously before the public—our own people, strangers coming to the city and the people of the many other cities to which it goes—as no other publication does or can.

The Directory of Names begins at page 201.

The Classified Business Directory begins on page 2263.

Pages 2778 to 2821 include a variety of miscellaneous information, such as the Government, State and City Officials, Banks, Cemeteries, Churches, Clubs, Consuls, Dispensaries, Exchanges and Boards of Trade, Hospitals, Homes and Asylums, Libraries, Societies and Associations, Steamboat and Steamship Lines, Street Railways, Telephone Companies, Trust Companies and much other valuable information.

The Street and Avenue Guide begins on page 25.

BALTIMORE IN 1912.

During the past twelve months, Baltimore has stepped into national attention, not only because of the National Democratic Convention at which President Wilson was nominated, but because of its civic and commercial activities that have attracted wide attention.

At the close of the year the funded debt of the city had been increased by the sale of city stock to the amount of $6,700,000, at which time the net debt of the city was $27,216,045.66. In this consideration of the debt, no allowance was made for the physical assets of the city—the City Hall, Court House, Public Schools, Parks, etc., which, if considered as sold at their actual value, would free the city of obligations. Although millions of dollars have been borrowed and expended, the financing of these loans has been such that only one, a $5,000,000 water loan maturing in 1916, will show a deficit in its sinking fund, and that only of $1,543,447.

During the year of 1912 the city appropriations for all expenses were as follows:

Departments.	Total Appropriations for 1912.	From Loans.
Appeal Tax Court	$60,850.00	.....
Board of Fire Commissioners	1,089,780.00	$30,000.00
Board of School Commissioners	2,103,137.75	190,000.00
Board of Police Commissioners	1,272,121.26	.....
Board of Police Examiners	6,102.00	.....
Board of Park Commissioners	549,737.05	.....
Collector of Water Rents and Licenses	463,575.00	.....
Courts	235,518.10	.....
City Register	2,638,496.30	.....
City Collector	76,268.00	.....
City Librarian	27,515.00	.....
City Engineer	602,239.23	.....
Commissioners for Opening Streets	1,011,460.81	1,000,000.00
Commissioner of Health	203,105.00	.....
Commissioner of Street Cleaning	822,658.22	.....
Comptroller	49,700.00	.....
Diary City Council	63,447.00	.....
Department of Legislative Reference	3,690.00	.....
Electrical Commission	229,000.00	218,350.00
Free Public Bath Commission	88,599.00	.....
Harbor Board	1,157,959.00	1,049,068.00
Inspector of Buildings	391,666.18	17,049.18
Liquor License Commission	17,400.00	.....
Law Department	48,000.00	.....
Mayoralty	14,848.00	.....
Municipal Factory Site Commission	6,000.00	.....
Miscellaneous annual appropriations	40,260.00	.....
Miscellaneous general expenditures	138,858.00	.....
Paving Commission	1,000,000.00	1,000,000.00
Reformatories	122,380.00	.....
Superintendent of Lamps and Lighting	395,839.98	.....
Supervisors of City Charities	572,118.00	.....
Supervisors of Elections	156,003.00	.....
Superintendent of Public Buildings	88,900.00	.....
Sewerage Commission	4,596,881.00	4,596,881.00
Sinking funds	948,271.07	.....
Topographical Survey	13,995.00	.....
Visitors to the Jail	64,150.00	.....
Water Department	2,209,510.00	1,500,000.00
Total	$23,580,038.95	

The Paving Commission, during 1912, laid down 17 miles of improved streets. During 1913 a total of 27 miles of streets will be improved, bringing the grand total of streets paved and to be paved to 56 miles.

The covering of Jones' Falls and converting it into a broad highway at a cost of $1,504,564.64 was one of the notable improvements begun in 1912. Already a portion of the thoroughfare has been opened and the entire route from Baltimore street, north, will be completed early this year.

The work of installing the sanitary sewerage system progressed rapidly in 1912, 133.63 miles of drains having been laid in portions of 1,000 streets and alleys. More than 17,000 houses have already been connected with the sewerage system, and the pumping station went into operation on January 31, 1912.

Work on the new water system for the city was begun in 1912 with the letting of the contract for the 192-foot level dam at Loch Raven. This structure, costing $374,884.40, will be completed in 1913.

There were notable improvements in the public school system during the year. Four new schools, costing $246,140, brought the total up to 163, and work on four more was begun. These latter will be completed in 1913. Night schools for the study of Spanish and sciences were established. The enrollment of pupils for 1912 was 66,870, with an average regular attendance of 58,917. Of the total appropriation, the School Board, through various economies, turned back to the city at the close of the year $69,181.80.

One of the municipal government features of the year was the inauguration of a supply department as an adjunct to the office of the City Librarian. This brought about an uniformity of office stationery of the various departments at a considerable reduction in the printing bills and in the saving of several thousand dollars per year in other directions.

During 1912 there were issued 53,075 permits for the erection of new dwelling houses, department stores, office buildings, warehouses, hospitals, etc., the valuation of improvements aggregating $14,479,373.90.

The high pressure fire pipe line, which threads the business section of the city, was completed and placed in service on April 23, 1912. This system, which cost $1,000,000, has materially reduced insurance rates in the business zone.

Substituting motor vehicles for horse-drawn apparatus in the Fire Department began in 1912 and will be continued at the rate of about 10 per year until the horses are entirely displaced.

Of the several city bills passed by the last Legislature to become active in 1912, the most important one was the condemnation law by which the city may obtain public property before a judge and jury instead of through a sheriff's jury as formerly.

The Harbor Board carried on extensive operations during the year, notably the starting of construction of a commercial and recreation pier at the foot of Broadway and the starting of a commercial highway around the south side of the harbor, an improvement that will greatly facilitate shipping in that section of the city. While the regular channels in the harbor were kept dredged the opening of a new channel in Spring Gardens was the most important work, giving access to a vast area of land that will eventually be factory sites.

At the joint expense of the merchants and the city a new and ornamental "Great White Way" was installed on the principal downtown streets, the illumination being a series of luminous arc lamps, mounted upon handsome iron pillars. The city now has in service 12,656 street lamps. One of the features of the work of the Department of Lamps and Lighting was the installation of a beautiful and effective system of lighting on University Parkway, Charles street avenue and Thirty-ninth street.

One of the municipal departments of the city that developed largely during 1912 is the Factory Site Commission which has taken over a work that will mean much to the industrial future of the city. During 1912 this commission brought five new industries to the city. The commission has completed an exhaustive system of real estate inquiry and classification which is invaluable to anyone seeking property in the city or vicinity. This commission also publishes the Municipal Journal, a bi-weekly magazine containing official departmental reports through which citizens are regularly informed as to just what the municipality is doing.

In civic work during 1912 the Greater Baltimore Committee was most active in securing out-of-town publicity for the city and in carrying on its propaganda of home activity, creating a feeling of better citizenship.

The Merchants and Manufacturers' Association, through its system of rebates, brought hundreds of merchants to the city for the spring and fall buying seasons.

The taxable basis of Baltimore, for the year 1913, is as follows:

ASSESSABLE AT FULL RATE ($2.01 per $100).

Real Estate		$335,808,161.00	
Personal property (individuals, firms and foreign corporations)	$48,169,754.00		
Less plant exemption	4,511,466.00		
		43,658,288.00	
Personal property (Maryland incorporated companies)	$48,096,791.00		
Less plant exemption	6,096,791.00		
		42,000,000.00	
Distilled spirits in bond (est.)		900,000.00	
			$422,366,449.00

ASSESSABLE AT FIXED RATES.

Real Estate—Suburban ($1.30 per $100)	$18,774,094.00	
Real Estate—Rural (67 cents per $100)	29,383,350.00	
Securities (30 cents per $100)	177,385,419.00	
Savings banks deposits (est.) (18¾ cents per $100)	94,000,000.00	
		319,542,863.00
Total assessable basis		$741,909,312.00

LOCATION OF PARKS AND SQUARES

Broadway—The beautiful parkway and popular boulevard of East Baltimore

Carroll Park—Bayard, Columbia av, Gwynns Falls and B & O R R. It has the old Carroll House on a hill

City Springs—Lombard and Eden

Clifton Park—Harford and Belair avs, n of Belt Line R R. It was formerly the estate of Johns Hopkins and was bequeathed by him to the Johns Hopkins University, and intended for the location of the university. The city afterwards acquired it. The country residence of Johns Hopkins still stands as the mansion house of the park

Collington Square—Chester, Preston, Patterson-pk av and Hoffman

Druid Hill Park—Madison av ext. Acreage 700. Is known for its beautiful driveways and scenery. Druid Lake, one and a quarter miles in circumference, the Maryland House, containing many rare species of birds and minerals, the Zoo and the Boat Lake are visited by hundreds

Eutaw Place—The most beautiful residence section of the city. Adorned with plots of flowers, shrubbery and ornate fountains

Federal Hill Park—Overlooking the harbor. Battery av, Hughes av, Covington and Warren av

Franklin Square—Fayette, Carey, Lexington and Calhoun

Gwynns Falls Park is located in the western suburbs, on the west bank of Gwynn's Falls, beginning at Windsor Mill road, and contains 360 acres of land

Harlem Park—Located in a pleasant residence section of Northwest Baltimore, bounded by Gilmor and Calhoun, Edmondson and Harlem avs

Johnson Square—Chase, Valley, Biddle and Homewood av

Lafayette Square—Lafayette av, Carrollton av, Lanvale and Arlington av

Latrobe Park—Fort av, Cooksie, Richardson and B & O R R

Madison Square—Chase, Eden, Caroline and Eager

New Reservoir Park—East side of Liberty rd, Forest Park

Patterson Park—Patterson-pk av, Baltimore, Eastern av and Linwood. Of historic interest as containing the original earthworks thrown up in 1814 by citizen volunteers, when the city was threatened by the British forces under General Ross during the bombardment of Fort McHenry

Perkins Springs Square—George, Myrtle av and Clinton av

Riverside Park—Randall, Johnson, Wells and Covington. Overlooking Fort McHenry and the river as far north as North Point

St Paul Boulevard—St Paul st ext

Swann Park—From Winder to Donaldson on the middle branch of the Patapsco River

Union Square—Gilmor, Lombard, Stricker and Hollins

Venable Park—Gorsuch and Montebello avs

Washington and Mount Vernon Squares—Situated in the heart of the conservative residence section of the city. They are adorned with flowers, fountains and stantary bronze pieces by Barye and Dubois, and heroic statues of Chief Justice Roger Brook Taney, George Peabody, John Enger Howard and Severn Teakle Wallis

Wyman Park—Located on Charles st and University Parkway, and contains 186 acres of land

POLK'S

Medical Register and Directory

OF NORTH AMERICA.

(3,000 Pages)

CONTAINS A List of over 130,000 Physicians (including addresses and college data), all Hospitals, Sanitariums, Penal Institutions, Medical Colleges, Societies and Journals, Boards of Health, Medical Laws, Etc., Etc.

This is Positively the Only National Medical Directory Published

Which has an Official Record of all Graduates of the North American Medical Colleges for use in its compilation.

R. L. POLK & CO., Publishers, - DETROIT, MICH.

R. L. POLK & CO.'S

R. L. POLK & CO.'S
BALTIMORE CITY
STREET, AVENUE AND STREET CAR LINE GUIDE

Revised and Corrected Up to April 1st, 1913

By the decimal system of numbering houses one hundred numbers are allotted to each square, commencing at CHARLES STREET running EAST and WEST and at BALTIMORE STREET running NORTH and SOUTH. All other streets not commencing at either of the above points are numbered in accordance with this system. By this system Even Numbers are invariably found on the North and West side of Streets, and Odd Numbers on the South and East side. The following classification and arrangement of Streets forms a diagram for each Street, giving its starting point, intersections and numbers, and will be found of great utility in finding special locations. From this list the location of any number on a Street can be ascertained; as, for instance, wishing to know at what part of Aisquith Street No. 621 comes, look at Ajsquith Street and you will find that McElderry Street runs from 601 and Monument 701, showing that No. 621 Aisquith Street is between McElderry and Monument Streets.

The marginal letters of the alphabet refer to the nearest street car line. For example, you wish to go to 621 Aisquith: you refer to Aisquith Street in the Street Directory and find that 621 would be between McElderry Street and Monument Street, and the letter "H" in the margin, then by referring to the street railway lines on preceding pages you find the letter "H" is the Harford Avenue line, which is the nearest car.

In POLK'S REAL ESTATE DIRECTORY of the U. S., Detroit, Mich.

EQUITABLE BUILDING.

LOCATION

The location of the EQUITABLE and CALVERT BUILDINGS, facing on Calvert, Fayette and St. Paul streets and "plaza," is the best in the City, being opposite the COURT HOUSE, making both especially convenient for Lawyers, near the City POST OFFICE and one square from the CITY HALL.

SAFETY AIR CUSHIONS.

All—elevators, in addition to being provided with every known SAFETY APPLIANCE, are equipped with IMPROVED AIR CUSHIONS. Only large Office Buildings in the City with Air Cushion Equipment.

WATER CURTAINS.

WATER CURTAINS and STANDPIPES connected with the Company's SPECIAL FIRE PUMPS afford full protection against fire.

HEATING.

The heating system of the buildings is of the VACUUM type, which allows for regulation of the temperature of the offices and halls.

WATCHMEN.

Watchmen patrol each building during the entire night, and the faithful performance of their trust is recorded by watchmen's electric time detector, connected with signal locks in every other room of each building and all halls.

CLEANING.

The cleaning of both buildings is done at night by the VACUUM SYSTEM—removing all dust direct from the offices.

BUILDINGS.

The EQUITABLE is nine stories high, exclusive of basement, and connects with the CALVERT by means of a covered bridge on the seventh floor.
The CALVERT is twelve stories high, exclusive of basement. Both buildings of absolute fireproof construction.

CALVERT BUILDING.

ELEVATORS.

Of Improved hydraulic type, run DAY and NIGHT every day in the year. Electric light signal device. Each building has a freight elevator, thus preventing annoyance to tenants resulting from carrying packages and boxes on same cars used by passengers. The elevators in each building are in charge of a DISPATCHER, whose duty is to regulate the starting of each car and take general supervision of this department alone.

CALVERT BUILDING AND CONSTRUCTION COMPANY, OWNERS.

Office, 663 Calvert Building, Baltimore, Md.
